

Product Code . ILS-MLE-10035

Circle Kit

Description

Circle Kit

This kit helps to understand the relationship between the radius, diameter, and their circumference. The Circle Kit is provided with a set of three circular discs having the different radius. By this kit, a child can explore the concept of circles, concentric circles, circumference of circle and derivation of Pi. It is manipulative that clears the apprehensions about diameter and radius of a circle. These foam circles are durable as also easy for teachers to teach the concepts in the class.
