

**Product Code . ILS-MLE-10068**

## Fraction Shapes

### Description

---

#### Fraction Shapes

It uses foam shapes, pegs, dice and cards to break down the process into manageable stages so that children understand exactly what is happening.

A set of hands on components to enable children to find the fraction of a given quantity for example  $\frac{2}{5}$  of 20.

The set was produced in conjunction with practising teachers who developed this highly successful method in the classroom.

Provides flexibility in terms of different kinds of fractions for each of these shapes.

Set of 17 Shapes with 20 Dices, 20 Pegs, 20 Cards.

It helps a child to understand the construction details of different type of shapes viz. circle, hexagon, triangle, pentagon etc.
