

**Product Code . ILS-PLE-10184**

## Hoffman Clips

### Description

---

#### Hoffman Clips

A nickel plated steel, with projection plate to prevent damage to tubing by end of screw, with hinged bottom bar for direct fitting and removal without access to ends of tube.

These screw down clips effectively block off air/gas flow by pinching together the sides of the tube.

#### Features:-

Projection plate prevents end of screw from damaging tubing.

Hinged bottom bar allows clip to be fitted and removed without access to ends of tube.
