

Product Code . ILS-CL-10321

New Improved Organic And Inorganic Molecular Set

Description

New Improved Organic And Inorganic Molecular Set

A versatile demonstration student set ideally suited to ordinary and advanced level courses or equivalent. A comprehensive range of organic molecules can be constructed along with inorganic molecules ranging from simple ones to complexions. Grey flexible links of two lengths are provided for single and double covalent bonds while mauve links are provided for ionic, coordinate and hydrogen bonds.

Set Comprises Balls:-

Halogen (8)

Metal (14)

Phosphorus (7)

Carbon (6)

Oxygen (22)

Nitrogen (10)

Sulphur (12)

Hydrogen (14)

We are leading manufacturers, suppliers of New Improved Organic And Inorganic Molecular Set for Chemistry Lab. Contact us to get high quality New Improved Organic And Inorganic Molecular Set for Chemistry Lab for schools, colleges, universities, research labs, laboratories and various industries.

Contact jLab for your Educational School Science Lab Equipments. We are best scientific laboratory equipments manufacturer, scientific laboratory equipments supplier, technical educational equipment exporter, technical educational equipment manufacturer, technical educational equipment supplier, technical educational equipments exporter in india.
