

Product Code . ILS-EELE-10390

Phase Synchronous Motor Working Model

Description

Phase Synchronous Motor Working Model

These motors are manufactured using dynaflex by various components like base stand, cooling fan, body frame, rotating field pole, field coil, shaft, slipring, armature winding, and bearing and connection box. Our extensive ranges of these motors are reliable, sturdy, durable, and highly efficient in features. We offer these motors in various sizes, shapes, dimensions, and capacities.

Features:

- Sturdy construction.
- Long lasting.
- Corrosion resistance.

We are leading manufacturers, suppliers of Phase Synchronous Motor Working Model for Electronics Engineering Lab Equipments. Contact us to get high quality Phase Synchronous Motor Working Model for Electronics Engineering Lab Equipments for schools, colleges, universities, research labs, laboratories and various industries.

Contact jLab for your Educational School Science Lab Equipments. We are best maths lab equipments manufacturers, maths lab kit india, maths lab kit suppliers, maths lab kits manufacturers, metal testing equipments, physics lab educational equipments in india.
