

Product Code . ILS-EELE-10397

Capacitive Load

Description

Capacitive Load

Ammeter and voltmeter are used to study the current and voltage at different loads. Housed in trolley typed M.S. Box with powder coated. Variable steps with the help of rotary switches in steps of 1 amp approx. 1 Phase capacitors load ISI marked of suitable rating. Connected instar with safe discharging resistors.

We are leading manufacturers, suppliers of Capacitive Load for Electronics Engineering Lab Equipments. Contact us to get high quality Capacitive Load for Electronics Engineering Lab Equipments for schools, colleges, universities, research labs, laboratories and various industries.

Contact jLab for your Educational School Science Lab Equipments. We are best maths lab equipments manufacturers, maths lab kit india, maths lab kit suppliers, maths lab kits manufacturers, metal testing equipments, physics lab educational equipments in india.
