

Product Code . ILS-EELE-10413

Cutaway Model of Electrical Machine

Description

Cutaway Model of Electrical Machine

The cutaway surfaces are protected against corrosion. The stator is cut away by 1/4 over the entire length to enable an optimum view of the internal construction of the machine and it is still operating. Cutaway models are made from normal electrical machines.

Featured:-

- DC Shunt Wound Motor.
- DC Permanent-magnet Motor.
- Single-phase Induction Motor.
- DC Compound Wound Motor.
- Three-phase Salient Pole Synchronous Motor.
- Three-phase Rotor Winding Motor.
- Three-phase Squirrel Cage Motor.

We are leading manufacturers, suppliers of Cutaway Model of Electrical Machine Electronics Engineering Lab Equipments. Contact us to get high quality Cutaway Model of Electrical Machine for Electronics Engineering Lab Equipments for schools, colleges, universities, research labs, laboratories and various industries.

Contact jLab for your Educational School Science Lab Equipments. We are best school science equipments suppliers, school science kits, school science lab equipment exporter, school science lab equipment manufacturer, school science lab equipment supplier, school science lab equipment suppliers in india.
