

**Product Code . ILS-ELE-10648**

## Brinell Indenter

### Description

---

**Precision Mounting** – Each diamond hardness indenter rockwell diamond is mounted in exact conformity to its grain structure preventing premature breakage caused by unbalanced diamond pressure.

**Longer Life** – Our exclusive gem polish insures eliminates side wall friction and error due to metal gathering up around the indentation insuring reliability and longer life to the rockwell diamond indenter.

**Exact and Precise Readings** – To eliminate shift under test loads TALENTOOL laboratory precisely positions and sinters the rockwell diamond into place.
