

Product Code . ILS-AM-10912

Bifilar Pendulum

Description

The plate is suspended by means of two strings of equal lengths from a rigid suspended (i.e. a heavy T shaped clamp with two split chuck is provided on the heavy base).

It consists of a heavy cast iron rectangular plate of dimension 15x10x1.5cm.

When the plate is suspended freely, the two strings will be equally inclined to the horizontal face of the plate.

The plate has six holes two holes on top, two holes on front side and two holes on the third side of the top.
