

Description

The leak proof spigot screwed to the bottle body requires only a half turn to open or close.

Aspirator Bottles are made of Polypropylene and are therefore much lighter than glass.

These bottles are used for storing or dispensing distilled water & other laboratory solutions.

Threads should be totally disengaged before autoclaving.

These are autoclaveable, durable & dependable.

Material :- Polypropylene

Capacity:

5litre

10litre

20litre
