

Description

Technical Specifications:-

The design, manufacture and composition of the beads and laces to be suitable for the safe and continued use of children aged 3-6 years.

Each bead should have a hole of approximately 6 mm diameter, to enable easy threading of the laces by children.

Ten laces for stringing to be provided, of approximately 50cm in length, securely tipped or heat-welded at each end

Beads, wooden; not less than 35mm in diameter, in assorted colours (for example: red, green, blue, yellow, orange etc.) and shapes (for example: spheres, cubes, cylinders, ovals, barrel, etc).

The material and finish of the beads and laces should be smooth, secure and non-toxic.

The laces can be of one or varied colours and must easily fit through the corresponding hole in the shape.

The beads and laces are to be supplied in a sturdy plastic container with a secure lid.
