

**Product Code . ILS-WT-11449**

## Sample Bottle, Plastic, 100ml, Barcode

### Description

---

#### General Description:

Sample collection bottle with fixed bar code. Laboratory standard plastic bottle, 100ml, suitable for testing arsenic, fluoride and other chemical water parameters in laboratory.

#### Technical specifications:

The gross capacity will be slightly higher, having e.g. approximately additional 20ml air space above the line.

The bottle does not need to be supplied sterile since for testing chemical parameters in presumed drinking water.

The shape of the bottle is not precisely defined, but of standard laboratory design.

Sample collection bottle with fixed bar code.

Laboratory standard plastic bottle, suitable for testing arsenic, fluoride and other chemical parameters in laboratory.

Capacity 100ml net, i.e. 100ml with a precise 100ml fill line.
