

**Product Code . ILS-SAR-11742**

## Sound Pipe

### Description

---

Twirling the pipe at different speeds produces up to five standing waves with different resonant tones.

The Sound Pipe, or singing tube, will captivate your students imaginations.

The Sound Pipe can also be used to demonstrate fluid dynamics.

It's a great addition to your resonance demonstration collection.

Includes an easy-to-read instruction sheet that explains the principles demonstrated.
