

**Product Code . ILS-MAM-11784**

## Neodymium Magnet Sphere

### Description

---

These 3/4 inch (19mm) diameter spheres are chrome plated for durability.

Now we have the world's strongest magnets in new shapes.

While chrome plating is said to be the toughest and longest lasting, the force of the magnets is strong enough to eventually break any plating.

Contact jLab for your Educational School Science Lab Equipments. We are best school science lab equipments suppliers in india, school science lab instruments, school science lab instruments exporter, school science lab instruments manufacturer, school scientific equipments, science educational equipment in india.
