

**Product Code . ILS-EAM-11820**

## Electrical Current and Field Kit

### Description

---

The kit includes a transparent magnetic compass (for detecting the induced field) and insulated alligator clip leads.

This kit allows students to demonstrate that a magnetic field is created around a wire carrying an electrical current.

The transparent compass makes this an ideal overhead projector demonstration as well.

Indian Lab Suppliers with the Electrical Current and Field Kit or the 1 Farad Capacitor Demonstration.
