

**Product Code . ILS-E-11825**

## Horizon Energy Box

### Description

---

The variety of activities and components allows students to learn the systems step-by-step, configure each system in different ways, and visualize the principles of clean energy from start to finish. Comes in a plastic, long-term storage box.

The Energy Box is full of topic-specific kits (including the Wind Turbine Kit).

Included is an instruction manual and CD covering renewable energy experiments, kit lists, teacher notes, classroom guides, and animated flash demonstrations.

More than 100 experiments, using 54 items, can be performed as described in the manual.
