

## Description

---

The Laser Ray Box projects 1, 3, or 5 parallel laser beams onto any flat surface ideal for optical ray viewing and analysis.

Use this complete Geometric Optics set from Indian Lab Suppliers for impressive demonstrations.

The kit uses a compact yet powerful Laser Ray Box, which has bright and well-defined rays perfect for classroom use.

Everything needed to demonstrate the basic principles of geometrical optics comes packaged in a convenient, impact-resistant, foam-lined black carrying case keeps everything protected and organized ready to use.

It includes a variable laser ray box, 6 different acrylic lenses, mirror, hollow semicircle refraction cup and activity mat with printed scales and angles.

The Laser Ray Box includes a power adapter. 120v 60hz.
